Qualification Description

This course is tailored for individuals aspiring to take on leadership and management roles within the automotive industry. It offers a pathway into senior management positions across all automotive sectors. The units in this course primarily focus on environmental sustainability, managing complex customer issues, business improvement, budget and people management, ensuring workplace safety and more. This qualification does not require any specific prerequisites for entry.

Job Outcomes

Upon the successful completion of this program, you may be able to apply for the following positions in the Automotive Retail, Service and Repair Industry:

- Automotive Warehouse Manager
- Dealership Manager
- Automotive Workshop Manager

Entry Requirements

Although the training package does not stipulate any entry requirements for this training product. MechTech has the following entry requirements in place for overseas students:

- Be at least 18 years of age.
- Participate in a Pre-enrolment Review to determine the suitability of the course and additional support needs.
- Undertake MechTech's ACSF Level LLND 5 assessment.
- Must have access to a portable device (laptop, iPad or similar) with access to Microsoft Word and Excel or similar.
- Must provide evidence of English Language proficiency as stated under the English Language requirements on our website.

Course Duration

This qualification will be delivered over **52 weeks**, including **40 weeks** of training and assessment and up to **12 weeks** of holidays. Note that supplementary classes will be scheduled, and attendance required, should additional classes be required to allow for classes missed as a result of public holidays, or other interruptions, and/or for students who require further training and/or reassessment or additional support.
